

**Minutes of the
Outreach Committee Meeting,
May 19, 2011**

Attendees: Jackie Dupras, Chris Weiss, Les Treall, Steve Butts

The meeting started at 7:15pm at the Salvadorean Bakery in White Center.

First we reviewed the push made at the previous general meeting. Nine new people signed on to help with the summer's outreach effort. There were mixed opinions on whether there should have been more members to step up to volunteer. Steve mentioned that members of the Executive Board offered to help recruitment with another push at the June meeting.

We discussed the what literature we would have for the two events in June. We will have had our endorsements for the primary at that time, and Jackie will provide sample ballots. She also may be able to supply other informational papers, especially for the Burien festival, as the majority of our endorsees will be for Seattle positions. By that time we should also have a display piece with photos of District events, along with photos/bios of our elected officials. Les is to review the tents that he has, and select the most promising one.

The meeting ended just before 8pm.
