Did you KNOW that...

- *The elected Commissioner of Public Lands manages over 2 million acres of state forests?*
- *The elected Commissioner of Public Lands is responsible for regulating over 9 million acres of private forest land?*
- *The elected Commissioner of Public Lands manages ALL of the States salt-water tidelands?*
- *The incumbent, Doug Sutherland, has tried to increase the state's timber harvest by almost 30% until a court shot down his plan?*
- *The incumbent, Doug Sutherland, has resisted stricter logging rules on steep and unstable slopes so they would not produce catastrophic floods?*
- *More than 50% of incumbent Doug Sutherland's contributions to date have come from timber, mining, and real estate interests?*

Peter Goldmark will restore public trust in the management of our public lands.
