

## OUTREACH COMMITTEE'S GOALS AND COMMITMENTS

The 34<sup>th</sup> District Democrats held a committee summit on February 22, 2009. The purpose was to set goals for the various committees, facilitate cooperation between the committees, and ensure that all of the tasks of the district would have responsibility assigned to someone. Listed below are the goals and commitments for the Outreach Committee.

The Outreach Committee's Goals are:

- Facilitate the District's involvement in 3 community festivals on the mainland (Vashon Dems will do Vashon events).
- Facilitate the District's participation in the 3 mainland parades.
- Provide liaison's to the major community support organizations in the district.
- Develop a speaker's bureau for spreading the word to schools, churches and other organizations within 2 years.

The outreach Committee will take responsibility for the following District tasks in order to achieve our goals:

- We will register for the festivals, coordinate the volunteers needed to staff them, and coordinate materials needed.
- We will register for or assist the candidates in registering for the 3 parades on the main land. We will also assist in recruiting participants.
- We will provide liaison to the major community support organizations in the district and offer as much help as possible, mostly by providing volunteers, but also in advertising their fundraising efforts.
- We will coordinate the District's voter registration efforts and work with the PCO Committee in this area.
- We will facilitate the development and deployment of a speakers' bureau, and work with the Communications and Programs Committees and the State Committeeman and other interested parties to get it done.
- We will actively seek out volunteer opportunities for the Membership Committee to recruit volunteers for.

We will also contact and attempt to develop relationships with other organizations in the district, and assist them in their missions as best we can.

We will assist the Membership Committee by doing membership recruitment at festivals and events.

We will assist the Fundraising Committee by developing a budget and by generating revenues with button, bumper sticker and yard sign sales at our booths.
